

# Midwest Area Co-Op

## Midwest Area Cooperative National Vice President

Congratulations, you have joined an organization with the focus of “Family” in mind. I would like to take this opportunity to say welcome. Members of Midwest reside in North Dakota, South Dakota, Nebraska, Minnesota, Iowa, Wisconsin, Illinois, Saskatchewan and Manitoba, Canada.

Through your membership, you are now part of the organization. Through chapter membership you also have a voice in the FMCA organization. We therefore encourage all members to join chapters. Each chapter conducts their rallies on differing schedules; meeting monthly normally from April through October. Many will list their upcoming events in the “Association Calendar” section of the FMCA magazine. There is no obligation to join a chapter, however you can find pleasure in making new friends, enjoying the lifestyle with like members, and enjoying the FMCA experience through rving.

FMCA offers you many benefits, both as an individual and through membership in a chapter. Benefits for members are being added periodically and our lifestyle in motor homing is always improving our way of life.

Again, welcome to the FMCA family. It is always about having fun and fellowship. Don’t hesitate to call or email me if I can be of assistance.

Sincerely,

Gary & Glenda Milner, F409834
