

Family Motor Coach Association

National Vice President - South Central Area
Herman Mullins, F302225

Dear New Member:

Bobbie and I would like to take this opportunity to welcome you as FAMILY since you are a new member of FMCA residing in the South Central Area. In addition to receiving *Family Motor Coaching* magazine, FMCA offers you many benefits both as an individual and through membership in a chapter. This is where the family actually starts.

The South Central Area is one of nine geographical areas of our organization, consisting of Arkansas, Kansas, Louisiana, Missouri, Oklahoma and Texas.

By joining FMCA, one becomes part owner of the association. Through chapter membership you have a voice in the governance of the organization. All members are encouraged to seek chapter affiliation. Not only does one find pleasure in making new friends, but the closeness as “family” comes from the fact that everyone has something in common. Enjoying life and travel in our motor homes and someone to lean on when times get tough.

To receive information concerning a specific chapter’s activities, contact one or more of the chapters listed on this website.

To have fun, come to an Area Rally, International Convention or meet me at any Chapter Rally for a new experience and great time.

Sincerely,

Herman & Bobbie Mullins
