EDUCATION AND TRAINING

Bachelors' Degree, University of Vermont 1975 Economics.

Master of Science Degree Business Administration, University of Massachusetts, 1977.

Wall Street (structured Bonds, contracts, 8 years progressively increasing leadership role up to Managing Director, 1986). Subsequent 15 years computer systems and staff management

experience and best practices in project management in a consulting role requiring extensive travel.

GENERAL;EXPERIENCE APPLICABLE TO NATIONAL TREASURER-

Effective communicator in a mostly remote technological meeting environment and provide innovative solutions that follow our current Policies and Procedures for the Governing Board and Executive Board actions.

Unique talent with C-level executives to resolve issues, cull investment and audit reports to apply knowledge to financial solutions.

Willing to roll up my sleeves and bring together member expertise to develop answers to qualified fiscal questions while attending to needs of chapter treasurers.

Understanding and working within the culture that lead FMCA to be financially successful in the past.

GOALS-

Better fiscal responsibility with involvement of Finance and Audit committee and Governing Board members recommendations to the Executive Board.

Build better infrastructure to budget and plan maintenance of reserve funds and operating funds and reach the president's goal of holding at least one year operating funds available in advance of making these decisions. For example, If we want to go to Las Vegas as a convention location, we must have sufficient deposit and operations funds more than 2 years out to give us leverage to be able to negotiate a well-received rally at a preferred destination venue. Continue current communication with desired venues to bring about these results.

INTERESTS AND ACTIVITIES

Married to Ed Smith for 30 years. As a team, we enjoy exploring new places, entertaining, walking and biking, crafts and having fun: outdoor activities and cooking for large groups.
